

ETAS GmbH – Repair and Calibration Price List 2025

**The listed prices are only valid for ETAS Germany (ETDE).
If you need information about local prices in your country,
please contact your local sales representative.**

Dear customers,

enclosed you can find our hardware service price list for repair, calibration and adjustment services, from which you can find all descriptions, item numbers and prices.

If the name of your device is missing from the list, please contact your local ETAS contact person.

To request the desired service, please send us the device together with the completed "Hardware Return Form" (RMA) and your official purchase order.

Our "Hardware Return Form" (RMA) can be found on the ETAS website under "*Support Center*", in the section "*Repairs and calibration services*".

Please note:

The calibration of a device is not part of a repair. This must be ordered in addition and expressly noted on our "Hardware Return Form" (RMA).

The prices and item numbers for all hardware services can be found in the price tables listed here.

Cables are not repaired and no liability for material defects is assumed.

They can only be checked and, if necessary, replaced.

For the inspection of a device or cable we charge a minimum fee of 220,- EUR.

On request, we can provide a cost estimation for servicing your device.

In case of your service approval, the amount of the inspection fee is included in the final service price.

Listed Prices: All prices are net prices, plus statutory VAT.

Valid from: 01. February 2025

In addition, our general terms and conditions for the provision of engineering, support services and software maintenance apply in the version valid on the date of the offer.

All terms and conditions can be provided upon request,
or can be downloaded from the ETAS website using the following link:

<https://www.etas.com/en/AGB-ETASGmbH>

Best regards.

Your ETAS Hardware-Service-Team.
